

# Physics Contract

Mr. Uziel – The High School of American Studies at Lehman College

Dear Parents and Students,

Physics is a tough course, therefore please read the following requirements carefully. New York State mandates that all students complete a laboratory requirement in order to take the Physics Regents exam in June. Any student that does not complete this requirement will not be able to sit for the Regents exam and will therefore not be able to pass the class, regardless of their computed average. Lab reports must be turned in each week. Homework is assigned daily (except on lab days and test days), and will be collected. Students absent for a test must bring in a note and take a makeup exam the day they return to class.

## Grading Policy

- 55% Class Exams
- 15% Midterm/Regents Exam
- 15% Laboratory \*\*\*
- 10% Homework
- 5% Class Participation

**\*\*\* Students with missing laboratory reports will not pass the class, regardless of their computed average.**

## Materials Needed

- Loose-leaf with 8 ½ x 11 paper
- Scientific calculator
- Graph paper
- Protractor
- Centimeter ruler

These should be brought to class every day.

Grades for each term are cumulative. All test, lab, and homework grades from September on are used in calculating grades for every marking period in the fall term. Similarly, all grades from February on are used to calculate each marking period grade in the spring term. Note that spring term grades will ONLY include grades from February on, NOT any grades obtained during the fall term.

Below you will find a slip to be returned to me. If you have any questions or concerns, I can be reached via email (please visit [www.uzielonline.com](http://www.uzielonline.com)), or if urgent, by calling the school. I will do my best to get back to you as soon as possible.

-----  
I have read and understand the PHYSICS contract and grading policy.
